

Level 2 Certificate

Awareness In Mental Health

Overview

The qualification is suitable for anyone who wishes to increase their knowledge of mental health problems, the factors that cause mental ill-health and the ways that mental health problems can be managed.

The aim throughout the course is to inform learners about causes of poor mental health and ways in which it can be managed.

The course is also suitable for those who already work in this area, anyone who wants to secure a job linked to mental health and anyone who wants to gain more knowledge for personal reasons.

Benefits

There are several reasons and benefits for taking part in this course through Protocol Consultancy Services, including but not limited to:

- Gaining a nationally recognised qualification that can assist with future employment.
- Developing a greater understanding of Mental Health and all of the attributing factors that can affect it.
- Courses are delivered as distance learning, allowing you to choose when and where you study.
- Enhancing both your personal skills and professional development which will assist in future employability.
- And, Personal Tutors are assigned to you to ensure that you have the support needed to succeed.
